Subject: Executive Committee Description

Below is a draft description of my position for your review. Please let me know your thoughts and I will revise shortly and then send out this position as a template for all the EC Members to write up their own description.

Also, it may help to find out who intends to stay involved in the Executive Committee either in the same position or another. If you are aware of your decision, please let me know. Feel free to contact me if you have any questions.

The duties of the Membership Coordinator include, but are not limited to, maintaining an updated membership database compiled from meeting attendees, on-line member profiles, and e-mail queries. The Membership Coordinator will also assist potential new members with membership responsibilities. The Membership Coordinator shall routinely respond to general e-mails and forward messages to the appropriate EWB personnel.

The Membership Coordinator shall also work with EWB personnel to identify members with specific skills and interests to fulfill membership needs for projects and provide membership information upon request. This position requires approximately 1-2 hours per week.

In addition, as a requirement for all positions we should include a statement such as "Attend EWB activities and act as an EWB representative and attend monthly Executive Committee meetings" or something like that.
